PROFESSIONAL EXPERIENCE

WLKY-TV; Louisville, Kentucky

Morning Meteorologist

December 2004 – Present

- Effectively prepare and deliver accurate forecasts for the morning and noon broadcasts.
- Closely work with the chief meteorologist to forecast and produce pertinent graphics for the weekday evening newscasts.
- Integral part of dominant team coverage during severe weather events that is continuously trusted by the most viewers in the market
- Promoted to weekday morning newscasts from weekend mornings in 2008.

KAVU-TV; Victoria, Texas

Morning Meteorologist

January 2003 – November 2004

- Successfully co-hosted and served as the weather anchor for the "Sunrise" show, which doubled in viewership during tenure
- Provided wall-to-wall coverage during Hurricane Claudette, the largest November tornado outbreak in the region's history, and a major flash flood event in South Texas
- Performed live remote weather broadcasts and reported on weather related topics

AWS Convergence Technologies

Freelance Radio Meteorologist

June 2004 – November 2004

- Delivered hurricane coverage for Westwood One radio stations throughout the Gulf and East Coasts during the extremely active 2004 hurricane season that reached millions of listeners
- Coverage highlights included three major landfalling hurricanes (Charley, Ivan and Jeanne)
- Worked both independently and in a team environment to provide 24-hour a day coverage anytime hurricane warnings were in effect

KATU-TV; Portland, Oregon

Weather Intern

June 2001 – August 2001

- Assisted chief meteorologist with daily forecasting and graphic production duties
- Maintained daily communication with the state-wide weather watcher network
- Responsible for timely forecast updates on the station's weather website

EDUCATION

University of Oklahoma

Bachelor of Science, Meteorology 2002

Minor in Geography
