

AARON DICKENS

TELEVISION ANCHOR

Main evening anchor with over 15 years of experience in the television news industry. I have held many positions in a newsroom. I am not afraid to work under pressure, ask tough questions and hit the streets to get MOS on any topic. If breaking news comes in or the prompter goes down, I am your go-to-guy to help the newsroom thrive. I also love to encourage and support staff, helping them accomplish things they never thought they could.
